July 2019

This month we'll be celebrating the 4th of July, enjoying a watermelon social, and having some fun outings!

New additions to the calendar this month include Stitch Club, Men's Club, and Tuesday afternoon Outdoor Activities.

The Stitch Club is for anyone who enjoys (or would like to learn) knitting, crocheting, needlepoint, embroidery, or any other styles of basic hand sewing. In later months, we'll be making items for the Neonatal Unit at Sparrow Hospital and the Capital Area Humane Society.

The Men's Club is where our resident gentlemen can get together and make a variety of projects, including a bird house, upcycling silverware, and a nuts/bolts sculpture. We'll also have some special guests!

For our Tuesday afternoon Outdoor Activity, we'll get some fresh summer air (weather permitting) and make a variety of items including bird feeders and bird treats. We'll also play some fun games including hungry hippos, bowling, and "cool off ring toss!"
